Book: Abnormal Psychology (Pelz)

This course is designed to provide an engaging and personally relevant overview of the discipline of Abnormal Psychology. You will examine the cognitive and behavioral patterns which impair personal effectiveness and adjustment. Students will provide much of the substantive content and teaching presence in this course. Additional content has been curated from "The Noba Project (http://nobaproject.com)" and "Abnormal Psychology: An e-text! (http://abnormalpsych.wikispaces.com/).
