Principles and Practices of Teaching Young Children (Stephens et al.)

If you are reading this, you're likely interested in learning more about becoming an early childhood professional. Perhaps you're just curious and want to know a little bit more about young children. Maybe you want to make up your mind after finding out a little bit more about what is involved. In either case, your interest and curiosity are two key characteristics that will make this a positive growth experience for you.
1: The History of Early Childhood Education

2: Developmental and Learning Theories

3: The Early Childhood Teaching Profession

4: Observation, Documentation, and Assessment
5: Developmental Ages and Stages

6: Curriculum Basics

7: Creating an Effective Learning Environment

8: Partnering with Families
